About INTRACO Limited—(www.intraco.com.sg)

Incorporated on 5 November 1968, INTRACO's original mission was to source competitively priced raw materials, commodities and manufactured goods to support Singapore's early industrialisation programme, which included the creation of new export markets for locally manufactured products, and the promotion of external trade.

INTRACO was successfully listed on the Singapore Exchange in December 1972. Over the years, the Group has evolved to meet the demands of the global marketplace by transforming into a leading trading company through global partnerships focusing on two main sectors, namely trading & others, and projects.

Today, INTRACO's integrated global market network spans across ASEAN and China. While each serves as a strong platform for INTRACO's business, they also act as the Group's launch pads for companies seeking regional expansion. This is further bolstered by INTRACO's established international network of partnerships and alliances.
